Ceiling fan is not included.
Photo used for illustration purposes only.

FOR AMARI SII · **FOR VECTOR DC** · **SPEED INDICATOR** · **SOFT BUTTONS** · **HARD WIRED** · **6 SPEEDS** · **RF FREQUENCY**

Modern wall controller suitable for AMARI SII and VECTOR DC range.

This controller is designed to fit into most wall switches hole (using c-clip bracket), without any additional cutout required.

- Features below:
  - 6 Speed Fan Control
  - Fan Off
  - Light On/Off
  - Light Dimming
  - Windbreeze
  - Summer / Reverse

- This wall control only needs a regular 220-240V AC power to connect (no extra wires to the fan).

- Easily pair and connect to the fan (receiver).

- Control the fan from a radius of up to 8m. No limit of number of fans pairing if inside working radius.

- 2 years warranty.

- Must be installed by a licensed electrician.

*Not suitable for all DC ceiling fans, only selected Brilliant models are compatible.
